AMERICA FOR AMERICANS

MCKINLEY AND WILSON ABROAD.

In 1890 William McKinley was burned

in effigy in the English manufacturing

city of Sheffield; but in 1894 William

L. Wilson was stoned and killed in London

because he is the author of a Free-Trade

Tariff Bill. These are significant facts.

THE SILVER PROBLEM.

Commercial Gazette.

Farmer Anderson has two thousand

bushels of wheat.

Mr. Jones has a thousand dollars

worth of silver bullion.

Mr. Anderson's wheat is worth in the

market \$1,000.

So is Mr. Jones's silver bullion.

Mr. Jones goes to Philadelphia, takes

his silver to the mint and has it coined

into two thousand nice, fine, pretty silver

dollars.

When Farmer Anderson brings

along his thousand dollars worth of

wheat, Mr. Jones buys it, paying him \$1,-

000—and he has \$1,000 left with which

to buy the wheat of the next farmer that

comes along.

This is free coinage. Some people

are sure that all the farmers in the

country are shouting for it.

We should see a good many strange

things in this country if the silver

people should have their way.

DEMOCRATIC contemporaries all

of this Nation are seizing with feverish

grasp every bit of news that seems to in-

dicate that prosperity is returning.

Whenever a mill long closed is re-

opened, says the Times, it is

admitted that prosperity is returning.

Business is slowly awakening.

But for prosperity to return, it first

had to depart. When did it depart?

That is the question which most

interests the voter of today. The

Nation knows that when BENJAMIN HARRI-

son left office there was no fear of this

late collapse of industry. Mills were

running on full or over time. No one

speaks of reducing wages. No indus-

tries feared for their lives. When

GOVERNOR CLEVELAND entered upon his second

term he found a full Treasury and a

happy country. He found himself re-

inforced with a Democratic Congress

that promised the Nation untold wealth.

The work was undertaken. The pall of

Free-trade fell upon the land. Mills

began to close and employers to cut

down wages. Had Free-trade been the

outcome of Democratic legislation there

would not be even the slight revival

which business assumes today. There

would have been no end to the panic of

'98 and '94.

Since the Wilson Bill went into effect

the manufacturer who feared entire

Free-trade and took precautionary

measures accordingly, has learned what

to fear and has gone back to manu-

facturing, unless the cut in his Tariff was so

great that it allowed the entrance of

foreign goods into deadly competition

with the American goods. There have

been many such industries. There has

So Simple.

Nine times out of ten

whenever

out of sorts

our troubles

can be re-

covered

by that re-

liable old

medicine,

Brown's Iron Bitters,

which for more than 20 years

has been curing many people

of Dyspepsia, Biliousness, Ma-

laria, Impure Blood, Neural-

gia, Headache, Liver and Kid-

ney troubles. It's the peculiar

combination of iron, the great

strength-giver, with selected

vegetable remedies of true

value that make Brown's Iron

Bitters so good for strengthening

and purifying the system. It

is especially good for women

and children—it makes them

strong and rosy.

Brown's Iron Bitters is pleasant to take,

and it will not stain the teeth nor cause

constipation. See the crossed red lines

on the wrapper. Ask your doctor how to

take a Hundred Years' cure for

CONFLAGRATION

St. Albans, Vermont, Has a

\$750,000 Blaze.

In Three Hours Forty Business

Houses, One Hundred Tenements

And the Unfinished Government Building

Were Destroyed—Six Streets in the

New Part Swept Clean of Buildings—

The Firemen Practically Helpless.

St. ALBANS, Vt., May 20.—More than

five hundred persons are homeless here

as a result of the \$750,000 fire that

started at 3 o'clock Sunday afternoon

and burned fiercely until after 6 p.m.,

raising in that time forty business houses,

the new government building, which

was nearly finished, and one hundred

tenement houses. Six streets in the

business part of the place have

been swept clean of buildings, and

space covering seventy-five acres is

a tangled mass of ruins. In less than twenty-

five minutes after the first alarm was

given the fire burst out in as many as

fifty places, building catching so

fast and burning so quickly that the

firemen were practically helpless.

Anarchy in Formosa.

LONDON, May 20.—The Times prints

a dispatch from Hong Kong which

says that anarchy prevails in the

northern part of the island of Formosa

and riots are of daily occurrence, nu-

merous persons having been killed and

wounded. Gen. Ku Hsing Kai, a Hatt-

chief, has proclaimed himself king of

the northern portion of the island, and

several thousand well equipped sol-

diers have joined his standard, and his

force increases daily. The Chinese au-

thorities have captured and beheaded

many of his followers, but the revolt

seems to be spreading. China advo-

cates the recognition by the powers of

a Formosan republic.

A Negro's Narrow Escape.

COLUMBIA, Mo., May 20.—Wm. Wil-

liams, a young colored man, was re-

scued from an enraged mob at Fifth

and Capitol streets Sunday afternoon

by a policeman, and safely conducted

to the city prison, where he is held to

answer a serious charge. He is said to

have attempted to assault Eva, the 10-

-year-old daughter of Wm. M. Ferguson.

She escaped from him, and the crowd,

attracted by her cries, seized him

and would have handled him

roughly but for the arrival of the of-

ficer.

Confederate Veterans Gathering.

EARTHQUAKE.

Florence, Italy, and Vicinity Terribly Shaken.

Three Thousand Houses Damaged in Florence Alone.

At Grassano the Earth Movement Was So Great That a Loaded Omnibus Was Overturned—Nine Killed, but a Number Injured by Falling Walls.

Florence, May 20.—The population of this city was thrown into a state of panic Saturday night by a series of earthquakes that did much damage here and in other places.

People who were in their houses when the first shock came ran terror-stricken into the streets, and their wild cries could be heard everywhere. The shocks were so violent that many houses were thrown down, and many people were killed.

The wildest scenes were at the theaters, where performances were going on as usual. The audience was thrown into the audiences to look wonderingly at each other. Then the earth again and amid shouts of "earthquakes!" the audience made mad rushes for the exits.

At Grassano, a suburb of Florence, the shocks were very violent. The extent of the earthquake movement was gained from the fact that a loaded omnibus was overturned. Twelve residents of Grassano were hurt.

A number of persons tried to re-enter their houses during the night. They remained on the streets until after daylight Sunday morning, when many of them took shelter in cellars.

Severe shocks were felt at Luca, Pontedera and generally throughout Tuscany. The greater the movement was at Florence, where, for many years, nothing similar has occurred.

Audience of the opera house were killed. The prince of Naples, the crown prince, started for Grassano at 4 o'clock Sunday morning.

Later—As further reports of the earthquake come to hand the extent of the disaster widens. At Lappaghi, a village near Grosseto, more than forty houses were thrown from their foundation and completely wrecked.

A sad feature of the earthquake was the finding of the body of a young mother with her infant clasped to her heart. She had evidently attempted to die, but together with her child, was crushed to death beneath the falling walls of her home.

Great damage was done in Florence. Sunday an investigation made by the municipal authorities, who estimated that 3,000 houses were damaged.

The cathedral (La cattedrale di Santa Maria del Fiore), an imposing example of Italian gothic architecture, and probably the most remarkable building of its kind in Europe, was somewhat damaged.

The seismic manifestation Saturday night was the most violent since the earthquake of 1730, which is listed in the annals of the city, having been lighter.

So far as known the disaster was worse at Grassano.

May Escape the Gallies.

Little Rock, Ark., May 20.—The state supreme court has granted a supersedeas in the Jesse Jones case. Jones is the young Indian from Rockport, Ind., who was convicted of being the murderer and cremator of Charles and Jesse Hibdon, stock traders of Texas, in Logan county, Arkansas, in February, 1904, and whose sentence was set for execution May 21. It is now thought Jones will escape the gallies.

French Defeat Madagascar.

Paris, May 20.—An official cable dispatch sent from Majunga, Madagascar, Sunday, states that the French have defeated the Hova rebels, killing sixty of them. A French lieutenant and twelve men were wounded.

French force of 1,000 men was sent to public rather than parochial schools.

Hungary Shakes Up.

Vienna, May 20.—An earthquake was felt in Moravia, Austria, Hungary and Dalmatia, and also at Laibach, where hardly a day now passes without one or two shocks being felt.

Several earthquakes have also been felt in the Ionian islands.

Newfoundland's Great Loss.

St. Johns, N. F., May 20.—Hon. Moses Monroe, for many years a member of the legislature, died yesterday. His death is regarded as the greatest loss to the country since the field disaster.

GOLD IN THE EAST.

Prof. Becker, of the United States Geological Survey, finds a sprinkling of the Yellow Stone.

WASHINGTON, May 20.—Prof. George F. Becker, of the United States Geological Survey, has recently made a reconnaissance of the gold fields of the southern Appalachian mountains, which will soon be published by the government as a part of Dr. Day's annual report on the mineral resources.

Mr. Becker's report will also contain a chapter on the gold fields of the British maritime provinces and the Green mountains, so that it will be quite a comprehensive view of the gold resources of those parts of America.

The portion of the report devoted to the gold deposits of the northeast dwells at some length on the mines of Nova Scotia. It also mentions that gold has been found at Baileyville, Me., and says there are rumors of its occurrence in other parts of that state.

Mr. Becker adds that so far as he has been able to ascertain the deposits are so vague as to be of no determining value. He also mentions and briefly describes the auriferous districts in the valley of the Chaudiere and Little Dipper in New Brunswick.

Mr. Becker also mentions that the Maine, as well as those of the Connecticut river in New Hampshire and Vermont.

In New York state some gold has been found near the town of Littleton, but it is not of the same quality as that found in the north.

Mr. Becker thinks the deposits of the New England states are traceable to the same geological age as those of the Canadian maritime provinces.

SCARCITY OF SOIL EXPERTS.

WASHINGTON, May 20.—The agricultural department is experiencing great difficulty in securing employees competent to conduct the official soil investigation. For some time past Mr. Norton has been endeavoring to secure men trained for the purpose, but few candidates have appeared, and the civil service commission has been unable to satisfy the department.

An official publication reviews this difficulty and says that the department is in the field in the future. It advocates special work on this line in educational institutions.

COFFEE CRASH.

WASHINGTON, May 20.—The coffee crop of South and Central America this year will be about 10 per cent. short of the crop of last year, according to statistics received here. The Brazilian crop last season was 7,100,000 bags.

The Mexican crop was considerably less. The Mexican and Central American crops are increasing yearly. The world's consumption of coffee last year was 3,370,000 bags.

The United States was first as a consumer and Brazil first as a producer.

GAIL HAMILTON DYING.

WASHINGTON, May 20.—Mary Abigail Dodge (Gail Hamilton) was reported Sunday night to be slowly dying, and her death, it is feared, may be only a question of time.

She died Saturday night that she would not survive until morning, and Sunday morning she died, aged 64 years.

She was a native of Massachusetts and was a relative of the late John D. Rockefeller.

She was a native of Massachusetts and was a relative of the late John D. Rockefeller.

NOVEL BAPTISM.

The Religious Rite Administered to Two Men in Chains,

In the Presence of an Armed Guard, Commanded by the Sheriff.

Convicted of Murder, They Professed Repentance and Begged to have their Sins Washed Away—Over 4,000 Witnessed the Ceremony.

MURKINSHILL, Ill., May 20.—A novel baptism by immersion in the Big Muddy attracted over 4,000 people to the river bank. There were only two candidates, but they were in chains, and a solemn ceremony was held in the presence of an armed guard in command of the sheriff.

The two repentant sinners seeking forgiveness were Jefferys and Henderson, convicted murderers, and unless the governor shall interfere they will be hanged May 31. The men have professed repentance and a request to be baptized was granted by the sheriff.

The prisoners were driven to midstream. There were two sets of shackles, one on their feet and one set chaining the hands to each other. Rev. Mr. McHenry, a Baptist minister, officiated, and the two men were baptized in the stream, while Rev. Mr. Gordon and his choir sang a hymn on shore.

Jefferys first stepped from the carriage into the stream and was baptized. Then Henderson, in clanking chains, but with a clearly shaven head, followed him.

Both converts went under and came up together. Then, still in chains, they were driven back to the shore.

Between the officers and were hurriedly driven back to their quarters in jail. They spoke no word during the ceremony except to the ministers.

Many expected an attempt to escape, or a rescue, but the sheriff stood on his carriage front, surrounded by a well armed posse, and everything passed off quietly.

FOR SILVER.

Alabama, it is claimed, stands at Nearly Two to One.

MONTGOMERY, Ala., May 20.—A most interesting case of public opinion, disclosed by a canvass of the editorial sanctuaries of the state of Alabama. The newspapers are not divided into the democratic and republican columns, but on the lines of monometallic and bimetallic.

It is found that 34 journals are pronounced for a single-gold standard, and 81 for bimetallic, while a few have not yet reached a standing ground. The Birmingham Times (republican) is in the gold-bug column.

CONDENSED NEWS.

Gathered From All Parts of the Country by Telegraph.

Luke Forter, a merchant at Spaulding Station, Ill., committed suicide by shooting. Family trouble.

A heavy frost overspread growing crops near Neche, N. D., Saturday night, doing much damage.

Joseph Sullivan, an organizer of the barbers' union, was killed at Springfield, Ill., by a runaway team.

Secretary Probst, of the state board of health, has received notice of a case of smallpox in Galia township, Galia county, O.

All efforts to locate Sanford Jamison, a young married man, who disappeared from near Peebles, O., have so far been unsuccessful.

After the extreme heat snow has fallen in southern and western Kentucky and there have been heavy snowstorms in Galicia and Posen.

The grand jury has finally decided to investigate the shooting of Arch Dixon Brown and Mrs. Gordon by her husband, Fulton Gordon, at Louisville.

The report that the body of a 3-year-old boy was found in a sack in some shrubbery near South Bend, Ind., was a fake.

The temperature throughout lower Michigan was ranging dangerously near the freezing point Sunday night, and apprehension was felt for growing crops.

Chas. Ring, the Negro burglar who the authorities of Kanawha county, W. Va., have been pursuing for some time, was caught at Fairmont, W. Va., and taken back to Charleston for trial.

Secretary of State Taylor has been asked to decide whether a school election at Warren, Pa., in which two women acted as judges, was valid.

He has not yet passed upon it.

Charles Taylor, a young New York led Brooklyn yard under New York for sail for Kiel to be present at the opening of the Baltic canal.

On Monday the Columbia followed the New York.

At St. Paul, Minn., Nettie Ordeman, a pretty girl of 17, died from an overdose of morphine, a case of suicidal intent.

Alexander Waite, to whom she was much attached, had just told her he was going to marry some other girl.

The internal revenue office reports that the income tax for West Virginia will amount to \$46,994.24, of which \$10,000 will be paid by individuals and \$19,000 from corporations.

To this will be added about \$25,000 yet to be definitely reported.

A Serious Mistake.

BIRMINGHAM, Ala., May 20.—Miss Rebecca Welch, the 15-year-old daughter of a prominent butcher here, made a horrible mistake Sunday by taking a dose of morphine.

She was found by her mother, who tended to take a dose of morphine, but her mother had refilled the bottle with water.
